BRF Area Foundation Impact Scholarships are significant awards designed specifically for people who may be working, but could substantially improve their quality of life if they could go back to school, or continue their schooling. They are available to working age adults residing or working in Jackson County who are returning to school, as well as, alumni of any Jackson County school that will be entering year two of their Technical College education. The scholarships are paid out \$1,000 (full-time student) or \$500 (part-time student) per semester for a total award of up to \$4,000. ***These scholarships can be used at any technical college in the State of Wisconsin.***
